

# Frog Prince Oreos

## INGREDIENTS:

- One package of Oreo cookies
- One bag of small pretzels
- Two bags of Wilton candy melts in green
- Candy Eyes
- Mini M&Ms (you'll only need the red, so you can eat the rest!!)
- Green jimmies (for the warts!)
- Candy hearts (I piped mine with red candy melts, but I'd have used candy hearts if I'd had them!)

## DIRECTIONS:

- Melt the green candy melts in a microwave safe bowl in 30 second increments, stirring in between until completely melted and smooth.
- Spread a sheet of parchment paper over the counter you will be working on.
- Dip Oreos, one at a time, in the green candy melts, spooning the candy over the top and sides and then lifting with a fork and tapping excess away.
- Gently slide the covered Oreo against the edge of the bowl to remove excess candy melt from the bottom, and then slide off fork on to parchment paper.
- Place two eyes on the top, an M&M in the front for a tongue, sprinkle with jimmies and place a heart candy on top.
- Allow Oreos to completely harden.
- Reheat candy melts if needed (they might harden up while the Oreos cool).
- Dip pretzels into candy melts, using the same technique as the Oreos.
- Place two pretzels bottom to bottom on a clean sheet of parchment paper and while they are still melted, set a decorated Oreo on top and allow this to harden together.
- Enjoy!!
